Become a Stockist

A Wide Range

- Coffee Tables
- Dining Tables
- Chopping Boards
- Candle Holders
- Outdoor Signs
- Home Decor
- Serving Boards

Why Us?

We make all of our products in our workshop, with great care and attention. Our wood is sourced from local merchants, meaning you are supporting many UK based independent businesses. What is more, our items are all unique! Each piece of wood is different and we treat it differently.

Bespoke Service

As a Stockist for NorthWest Workshop we will work closely with you and your buyer needs. Tables too large for your space? No problem, we can supply our quality chopping boards. Mainly outside? Great, we can make outdoor benches and garden signs.

We understand that businesses work differently, so let's start a conversation!
